**DECISION RECORD**

Wertz Water Injection Line pipeline.

**ROW:** WYW-185371

**Memorial Production Operating LLC**

**DOI BLM WY D030 2016 0131 CX**

I have reviewed the attached Categorical Exclusion (CX). I have determined that the proposed action is categorically excluded from further National Environmental Policy Act (NEPA) documentation in accordance with 516 DM 11.9(E)(12). It is my decision to implement Wertz Water Injection Line project as described, with the project design features included in the Special Terms and Conditions (Appendix A) along with the Standard Terms and conditions of the Grant.

**Rationale**

The project is in conformance with the Record of Decision and Approved Rawlins Resource Management Plan (December 24, 2008) as amended by the Record of Decision and Approved Resource Management Plan Amendments for the Rocky Mountain Region, Including the Greater Sage-Grouse Sub-Regions of Lewistown, North Dakota, Northwest Colorado, and Wyoming (September 2015). I am basing this determination on the limits described in the Proposed Action and the project design features, which provide substantial protections for sensitive resource values.

**Mitigation Measures:**

Terms & Conditions to the ROW grant WYW-185371 shall be incorporated into the proposed action and implemented.
